Dear UniSQ Library Team,

Greetings! I am writing to inform you that I am a recent graduate of the University of Southern Queensland, having completed my program on 25 October 2023. My thesis, titled "**Optical Fibre Sensors and Deep Learning Algorithms Based Structural Health Monitoring Framework for Reinforced Concrete Beams**," has not yet been published or disclosed due to the ongoing publication process.

To ensure that the publication process can be completed without any complications, I kindly request an extension of the thesis disclosure period for another year. My **UniSQ student number is 0061117522**.

If you are not the appropriate contact for this matter, I would appreciate it if you could direct me to the relevant department or individual who can assist with this request.

Thank you for your time and assistance.

Best regards,
Minol
