<i>Preface</i>	xv
<i>List of contributors</i>	xvii
<i>Acknowledgements</i>	xxii
<i>Competencies</i>	xxiii
<b>Part 1 Frameworks for chronic care management</b>	<b>1</b>
<b>1 Frameworks for chronic care management</b>	<b>3</b>
<i>Judith Anderson, Linda Deravin and Karen Francis</i>	
Introduction	4
Models of care	4
The Chronic Care Model	5
Evolution of the Innovative Care for Chronic Conditions Framework	9
Evidence-based practice	12
Summary	16
Review questions	16
Research topic	17
Further reading	17
References	17
<b>2 Implementing the macro level of the Innovative Care for Chronic Conditions Framework</b>	<b>21</b>
<i>Linda Deravin, Karen Francis and Judith Anderson</i>	
Introduction	22
Describing the macro level	22
National health policy and strategic initiatives	24
Quality and monitoring systems	28
Continuing education for nurses	29
Summary	31
Review questions	31
Research topic	31
Further reading	32
References	32

<b>3</b>	Implementing the meso level of the Innovative Care for Chronic Conditions Framework	35
	<i>Karen Francis, Judith Anderson and Linda Deravin</i>	
	Introduction	36
	Describing the meso level	36
	Supportive health care environments	38
	Health promotion and education	40
	Community resources	45
	Stigmatisation	45
	Summary	47
	Review questions	47
	Research topic	48
	Further reading	48
	References	48
<b>4</b>	Implementing the micro level of the Innovative Care for Chronic Conditions Framework	51
	<i>Judith Anderson, Linda Deravin and Kathryn Anderson</i>	
	Introduction	52
	Describing the micro level	52
	Collaborative client interaction	53
	Psychosocial aspects of care	57
	The nurse's role in caring for people with chronic conditions	60
	Summary	61
	Review questions	61
	Research topic	61
	Further reading	62
	References	62
<b>5</b>	The Australian and New Zealand health care systems	65
	<i>Maureen Miles and Karen Francis</i>	
	Introduction	66
	The Australian health care system	67
	The New Zealand health care system	68
	Rurality	69
	National health priorities	71
	Health determinants	72
	Vulnerable populations	73
	Summary	76
	Review questions	76
	Research topic	77
	Further reading	77
	References	77

<b>6</b>	Self-management and empowerment	80
	<i>Michelle Baird, Sally Bristow and Amanda Moses</i>	
	Introduction	81
	Self-management and empowerment	81
	Principles of self-management	83
	Models of self-management	85
	Interventions used in self-management	88
	The nurse's role in self-management	93
	Summary	95
	Review questions	96
	Research topic	96
	Further reading	96
	References	97

## **Part 2** Nursing care of clients with chronic conditions **103**

<b>7</b>	Cancer control	105
	<i>Kylie Ash, Kate Cameron, Tracey Doherty and Marion Eckert</i>	
	Introduction	106
	The impact of cancer: one disease, many types	107
	Population health and cancer prevention	112
	Promoting behaviour change	113
	The nurse's role in caring for people with cancer	114
	Summary	121
	Review questions	121
	Research topic	121
	Further reading	122
	References	122
<b>8</b>	Chronic cardiovascular conditions	127
	<i>Amali Hohol, Michelle Baird and Melissa Johnston</i>	
	Introduction	128
	Differentiating the pathophysiology of cardiovascular conditions	128
	Promoting cardiovascular health and reducing risk: an international concern	131
	Person-centred care	134
	The nurse's role in the management of chronic cardiovascular conditions	136
	Advanced nursing practice and cardiovascular conditions	137
	Summary	141
	Review questions	141
	Research topic	142
	Further reading	142
	References	142

x Contents

<b>9</b>	Injury prevention	146
	<i>Linda Deravin, Sally-Anne Wherry and Judith Anderson</i>	
	Introduction	147
	Falls	147
	Transportation injuries	149
	Acquired brain injury	150
	Interpersonal violence	152
	Self-harm	154
	Chronic pain	154
	The nurse's role in injury prevention and care	154
	Summary	156
	Review questions	156
	Research topic	157
	Further reading	157
	References	157
<b>10</b>	Living with mental health issues	162
	<i>Rhonda Brown, Denise McGarry, Kathryn Kent, Maureen Miles and Michelle Francis</i>	
	Introduction	163
	Mental health in Australia and New Zealand	163
	Understanding mental illness	165
	Contributing factors to mental illness	167
	Impact of mental illness	169
	Recovering from mental health distress	170
	Recovery principles and the role of the nurse	174
	Summary	178
	Review questions	178
	Research topic	179
	Further reading	179
	References	179
<b>11</b>	Diabetes mellitus	184
	<i>Julia Gilbert and Ysanne Chapman</i>	
	Introduction	185
	Prevalence of diabetes mellitus	185
	Pathophysiology, risk factors and assessment	186
	Promoting health and reducing risk	191
	The nurse's role in the management of diabetes mellitus	194
	Summary	197
	Review questions	197
	Research topic	198
	Further reading	198
	References	198

<b>12</b>	Chronic respiratory conditions	202
	<i>Michelle Baird, Amanda Moses and Maria Davies</i>	
	Introduction	203
	Common respiratory conditions	204
	Risk factors	210
	Impact on activities of daily living	211
	Promoting health and reducing risk	215
	The nurse's role in the management of asthma, chronic obstructive pulmonary disease and bronchiectasis	217
	Summary	220
	Review questions	220
	Research topic	221
	Further reading	221
	References	221
<b>13</b>	Arthritis and musculoskeletal conditions	225
	<i>Amanda Stott and Louise Wells</i>	
	Introduction	226
	Osteoarthritis, rheumatoid arthritis and osteoporosis	226
	Promoting health and reducing risk	234
	The nurse's role in the management of arthritis and musculoskeletal conditions	235
	Advanced nursing practice for arthritis and musculoskeletal conditions	236
	Summary	238
	Review questions	238
	Research topic	239
	Further reading	239
	References	240
<b>14</b>	Chronic obesity	243
	<i>Amali Hohol, Julia Gilbert and Melissa Johnston</i>	
	Introduction	244
	The development of obesity	244
	Promoting health and reducing risk in the management of chronic obesity	247
	The nurse's role in the management of obesity	249
	Implications of chronic obesity on future health care provision	251
	Advanced nursing practice and the person with chronic obesity	252
	Summary	254
	Review questions	254
	Research topic	255
	Further reading	255
	References	255

<b>15</b>	Dementia care	259
	<i>Julia Gilbert and Lyn Croxon</i>	
	Introduction	260
	Pathophysiology of dementia	261
	Living with dementia	262
	Promoting health and reducing risk	265
	The nurse's role in caring for dementia patients	267
	Advanced nursing practice in dementia care	269
	Summary	270
	Review questions	270
	Research topic	270
	Further reading	271
	References	271
<b>16</b>	Chronic kidney disease	275
	<i>Melissa Arnold-Chamney, Maryanne Podham and Judith Anderson</i>	
	Introduction	276
	Underlying pathophysiology and risk factors for chronic kidney disease	277
	Treatment options	280
	Promoting health and reducing risk for people with chronic kidney disease	283
	Issues affecting quality of life related to treatment of chronic kidney disease	285
	The nurse's role in working with people with chronic kidney disease	286
	Summary	290
	Review questions	291
	Research topic	291
	Further reading	291
	References	291
<b>17</b>	Parkinson's disease and multiple sclerosis	295
	<i>Sally-Anne Wherry and Marguerite Bramble</i>	
	Introduction	296
	Parkinson's disease: risk factors, pathophysiology and diagnosis	296
	Multiple sclerosis: risk factors, pathophysiology and diagnosis	301
	Advanced nursing practice for Parkinson's disease and multiple sclerosis	303
	Summary	307
	Review questions	307
	Research topics	307
	Further reading	308
	References	308

<b>18</b>	Chronic bowel conditions	312
	<i>Maryanne Podham, Judith Anderson and Patience Moyo</i>	
	Introduction	313
	Underlying pathophysiology of chronic bowel conditions	313
	Treatment options for chronic bowel conditions	315
	Promoting health and reducing risk	320
	Issues relating to quality of life	320
	The nurse's role in caring for the patient with a chronic bowel condition	321
	Summary	324
	Review questions	324
	Research topic	325
	Further reading	325
	References	325
<b>19</b>	Eye, ear and dental health	328
	<i>Linda Deravin, Jennifer Manning and Judith Anderson</i>	
	Introduction	329
	Eye health	329
	Ear health	333
	Dental health	337
	The nurse's role in the management of eye, ear and dental health	339
	Summary	341
	Review questions	341
	Research topic	341
	Further reading	342
	References	342
<b>20</b>	Disability	345
	<i>Sally Bristow and Alison Devitt</i>	
	Introduction	346
	The social model of disability	347
	Rehabilitation and habilitation	353
	The nurse's role in supporting families or carers	353
	Therapeutic communication	355
	Summary	358
	Review questions	359
	Research topic	359
	Further reading	359
	References	359

<b>21</b>	End of life care	363
	<i>Linda Deravin, Lyn Croxon, Mooreen Macleay and Judith Anderson</i>	
	Introduction	364
	Pain management and symptom control	364
	End of life care emergencies	369
	Psychosocial aspects of caring	369
	Advanced care planning	372
	The nurse's role in palliative care	374
	Summary	375
	Review questions	375
	Research topic	376
	Further reading	376
	References	376
