JOINT JCDL/ICADL

INTERNATIONAL DIGITAL LIBRARIES CONFERENCE

[ICADL2010 Website](#)

[JCDL2010 Website](#)

June 21 - 25 2010

The Holiday Inn, Surfers Paradise
Gold Coast, Australia

Hosted By
The University of Queensland
Brisbane, Australia

For the first time in 2010, the ACM/IEEE Joint Conference on Digital Libraries (JCDL) and the annual International Conference on Asia-Pacific Digital Libraries (ICADL) will be held together at the Gold Coast in Australia. The two conferences will each have their own Call for Papers and accepted research paper streams. However, workshops, plenaries, tutorials and social events will be held concurrently.

JCDL 2010 - Digital Libraries - 10 years past, 10 years forward, a 2020 Vision

JCDL welcomes submissions in the areas of computer science, information science, librarianship, archival science and practice and preservation technologies. Submissions associated with the JCDL 2010 theme of "Vision 2020 - Beyond Digital Libraries" are particularly welcome.

Goldcoast CBD - An entertainment and dining hub

ICADL 2010 - The Role of Digital Libraries in a Time of Global Change

ICADL welcomes submissions in the areas of computer science, library and information science and knowledge management in the applications of environmental sciences, social sciences, humanities and museum studies. Submissions associated with the ICADL 2010 theme, of "Digital Libraries in a Time of Global Change", as well as case studies and practical implementations are particularly welcome.

The conferences welcome contributions from all fields associated with Digital Libraries including:

- Information Visualisation
- Search, retrieval and browsing interfaces to all forms of digital content
- Data mining/extraction
- Distributed information systems
- eScience/eResearch data and knowledge management
- Managing Collaborative Collections
- Cultural Heritage Preservation

- Studies of information behaviour and user needs and modelling
- Insightful analyses of existing systems

- Novel library content and use environments
- Electronic publishing
- Preservation systems and algorithms
- Social Networking and Information Systems

State Librarian for Queensland

SPIRO-V: A Collaborative Approach to Controlled Vocabularies Gathering and Management

Rahul Deshmukh; Lina Huang; Javed Mostafa; Jane Greenberg

Many-to-Many Information Connections in a Distributed Digital Library Portal

Lillian Cassel; Edward Fox; Richard Furuta; Lois Delcambre

Text Clustering with Important Words Using Normalization

Shunyao Wu; Jinlong Wang and Gang Li

2010 The University of Queensland

Authors of accepted papers and posters will be contacted by ACM with regards to the preparation and submission of camera-ready versions.

Papers have been reviewed and the final Camera-Ready Copy is due for submission. The deadline for these submissions is 12th April 2010.

Before submitting, ensure the following:

- **Paper Modification:** Any modifications requested by reviewers have been made to the paper.
- **ACM Formatting:** All submissions should use the [ACM formatting templates](#).
- **Copyright:** The submission should include a scanned [copyright form](#)
- **Source submission:** Submissions should include all appropriate source files required for your submission i.e., LaTeX source files, bib and style files, images, etc..

All accepted papers will be published by ACM as conference proceedings and electronic versions will be included in both the ACM and IEEE Digital Libraries.

For reference, here are the page limits:

- Full papers, 10 pages
 - Short papers, 4 pages
 - Posters, 1 page
