

CEABM series provides a forum for accessing to the most up-to-date and authoritative knowledge from both industrial and academic worlds, sharing best practice in the field of Civil Engineering, Architecture and Building Materials. The meeting will provide an opportunity to highlight recent developments and to identify emerging and future areas of growth in this exciting field.

The [**3rd/2013 International Conference on Civil Engineering, Architecture and Building Materials \(CEABM 2013\)**](#) will bring together leaders from industry and academia to exchange and share their experiences, present research results, explore collaborations and to spark new ideas, with the aim of developing new projects and exploiting new technology in this field.

After refereeing process, all accepted papers from CEABM 2013 will be published on international journal "[**Applied Mechanics and Materials**](#)"
